INCIDENT FACTS

Incident Start Date: August 14, 2021		Incident Start Time: 6:54 P.M.			
Incident Type: Wildland Fire		Cause: Under Investigation			
Incident Location: 2 miles east of Omo Ranch, 4 miles south of the community of Grizzly Flats					
CAL FIRE Unit: Amador – El Dorado AEU					
Unified Command Agencies: CAL FIRE AEU, USDA Forest Service – Eldorado National Forest					
Size:	215, 400	Containment:	43%		
Expected Full Containment:	September 27, 2021				
First Responder Fatalities:	0		First Responder Injuries:	7	
Civilian Fatalities:	0		Civilian Injuries:	2	
Structures Threatened:	27,670		Structures Damaged:	73	
Single Residences Destroyed:	712	Commercial Properties Destroyed:	18	Other Minor Structures Destroyed:	190

ASSIGNED RESOURCES

Engines:	350	Water Tenders:	86	Helicopters:	31	Hand Crews:	92	Dozers:	90
Other:	34		Total Personnel:			4,954			
Air Tankers:	Numerous firefighting air tankers from throughout the State are flying fire suppression missions as conditions allow.								

CURRENT SITUATION

WEST ZONE Situation Summary:

Incident Information:

<https://linktr.ee/IMT6>

Firefighters continued to make progress last night mopping up and patrolling the fire perimeter. Minor spotting was observed and safely contained. Today crews will work along the more active areas along the northeast and southeast areas of the West Zone tying in with existing control line and mopping up. Damage inspections continue with approximately 80% of structures assessed.

To better provide public and firefighter safety due to extreme fire conditions throughout Northern California, and strained firefighter resources throughout the Country, the USDA Forest Service Pacific Southwest Region is announcing a temporary closure of all National Forests in California. The closure order can be found at <https://tinyurl.com/USFSClosure>.

<p>EAST ZONE Situation Summary:</p>	<p>Firefighters will continue their aggressive direct firefighting tactics and mop up operations in all areas of the fire. Last night, fire behavior was minimal to moderate, and crews held the fire within containment lines.</p> <p>Wildland firefighting modules will be hiking into the Desolation Wilderness to engage directly with the fire using minimal impact suppression techniques. On the south and southwestern sides of Echo Lake, the fire continues to back down the hillside. Overall, the northern flank of the fire is holding well as firefighters continue their diligent mop up work. To the north, masticators and dozers are working to complete contingency lines along roadways surrounding Fallen Leaf Lake. These contingency lines are backup plans, however, the direct firefighting taking place now is making great progress and holding well. On the northeastern corner of the fire, direct containment lines are almost tied in below Trimmer Peak, with great progress on mop up. Moving down to Luther Spire, hot spots still exist. Firefighters will continue their direct attack and get assistance from aircraft whenever visibility improves.</p> <p>There is still much work to be done tying in dozer lines and holding along the south and southeast flank of the fire above Caples Lake. However so far, firefighters are making good progress going direct. Safety concerns for firefighters remain with the potential for rollout of smoldering material and hazardous burning tree snags. Structure protection groups continue mop up around structures, so it is safe to repopulate some of the communities around South Lake Tahoe in the coming days.</p>
<p>Local Assistance Center:</p>	<p>Address: 6699 Campus Drive, Placerville, CA 95667. Located at Folsom Lake Community College, El Dorado Campus, Fitness Center Building.</p> <p>Hours:</p> <p>Mon., Tues., Thur., Fri. 10:00 a.m. to 5:00 p.m.</p> <p>Wed. 1:00 p.m. to 7:00 p.m.</p> <p>Sat. 10:00 a.m. to 3:00 p.m.</p>
